Resident & Staff Spotlight

Our March resident spotlight is on Barb Hodges. Barb was our first official resident; along with her husband Karl, when we opened the doors last March! In the family there are four children, four grandchildren, and one great grandchild.

Barb loves knitting, crocheting, bingo and putting puzzles together. She graduated from Hastings High School, and went on to have her main career

at Hastings Manufacturing. Barb said her favorite memory of all time was the day she got married to Karl on June 17, 1950. She is a member of the American Legion.

Barb's favorite flower is the Carnation, her favorite color is purple, and she loves Glorified Rice. What makes her happiest, is to see her family all together.

You and Karl will always have a special place in our hearts as the first official residents of Legacies and we are very happy you are a part of this family! We love you Barb!

Our March Staff Spotlight is on Sydney!

Sydney has been with us since the doors opened last March. She has also worked with many of us at a previous facility. Sydney has her C.N.A. and has worked in Long term care, Assisted Living and Rehab facilities. Sydney said that her Mom has been her biggest inspiration in her life. She is a loving, caring and compassionate person with a great big heart, and it definitely shows in her care of the residents and interactions with other staff as well. Her favorite flower is the orchid, her favorite color is blue and her

favorite food is pizza! Sydney's favorite memory is the day her nephew was born; and she said that friends and family are what makes her happy. We love having you as part of the Legacies family!
